MEMORANDUM FOR: Chief, Signal Center

SUBJECT: Cable Deliveries

1. In a review of Signal Center delivery schedules of cable traffic to this office, I believe a change is in order. I would like to recommend that a future schedule of cable deliveries be as follows: 0845, 1230 and 1630. This schedule eliminates one of the runs now being made to this office and is, I believe, a more realistic time schedule.

2. If this suggestion meets with your approval, I would recommend the new schedule be put into effect as soon as possible.

JAMES A. CUNNINGHAM, JR.
